ANNOUNCING:

THE PROF. SENTENZA KAJUBI FULBRIGHT MEMORIAL LECTURE.

As part of its activities to celebrate 100 years of excellence, Makerere University is thrilled to announce the **Prof. Senteza Kajubi Fulbright Memorial Lecture**. This year's lecture will be held on Thursday 22nd September 2022. Under the theme, "**Internationalization of higher education in the next century.**" The lecture, which starts at 2pm will be held at the Yusuf Lule Central Teaching Facility at the University Main Campus.

Since its humble beginning in 1922, Makerere University has been able to transform communities and societies through its wealth of human capital, numerous research outcomes and technological innovations that have served Africa and the world in general.

The Prof. Senteza Kajubi Fulbright Memorial lecture is organized annually under the **College of Education and External Studies**. Over the years, a number of annual memorial lectures have been organized to honor and remember the Professor William Senteza Kajubi, for his meaningful contribution in Uganda's Education growth. The Inaugural Memorial lecture was held in 2015 under the theme "Rethinking Uganda's education system." The lecture explored, among other things, curriculum reforms in the country and how Uganda's curriculum can be remodeled to suit the current changing times.

Prof. Senteza Kajubi is not only remembered for being one of the most celebrated Makerere University's Vice-Chancellors, but also a man who made a remarkable contribution in the reformation agenda of the education sector in Uganda. He was at the center of the education review commission, commonly referred to as the 1987 Kajubi commissions (Evans and Kajubi, 1994; Ssekamwa, 2000; Tiberondwa, 2001). The Commission has remained one of the greatest reference points that has shaped and transformed the development and rethought line of Uganda's Education processes.

The Keynote Speaker for this year's Prof. Senteza Kajubi Fulbright Memorial Lecture will be **Dr. Michael Pippenger**, Vice President and Associate Provost of Internationalization at the University of Notre Dame.

The content discussed and the views shared at the Lecture will be live on our social media platforms and archived for future reference purposes.
